Dear Jim:

Attached are six (6) copies each of Settlement Proposal to Contract BB-425, Task Order No. 1, SHC62-9019-86/1.

As you recall, the instrument modified under this contract and the associated residual inventory were to be maintained at the Contractor's plant until further notice. Upon completion of the work under this contract, this instrument was carefully set aside with its residual inventory awaiting instructions.

The formal patent and royalty Report DD882 will be forthcoming shortly. I do not believe, however, that any patent disclosures will be filed.

STATINTL

Very truly yours,

Contract Manager
